Women's Mission Safari

October 9-15,
2009

Picture this! A luxury tented camp overlooking the vast African plains, game drives into the famous Masai Mara game reserve, interacting with the vibrant Maasai culture and, at the end of the day, to walk and experience the tranquility of an African sunset. You can enjoy all this while in the company of women of faith from around the world as well as inspiring international speakers who will help you discover God's purpose for you in today's world.
